WSP ENVIRONMENT & ENERGY

INTRODUCING WSP

WSP Environment & Energy has 3 offices in China, with specialists providing advice on all aspects of environmental, energy, sustainability, climate change, and business risk issues.

Part of WSP Group, a 10,000 strong global consultancy, few offer WSP Environment & Energy's breadth of expertise. It ranges from remediation of contaminated land to devising corporate climate change adaptation strategies, and from geotechnical solutions to city masterplanning and renewable energy strategies. It is a broad list and we draw on best practices from across the world.

We have 300 employees in the region, with strong representation in Shanghai, Beijing, Shenzhen, Singapore, Manila and Hanoi, in addition to Hong Kong.

WSP Asia's experts and engineers have been responsible for a large number of landmark infrastructure and building projects throughout Asia. Success is based on our comprehensive regional presence, our understanding of local cultures and our knowledge, supplemented by world class resources from across our global business.

OUR SERVICES:

- Corporate Due Diligence (Phase I & II)
- Risk Management and EHS Compliance Auditing
- Soil & Groundwater Investigation and Remediation
- Regulatory Services
- EHS Management Systems
- EHS, Safety Leadership and Behaviour Training
- Supplier Management and Auditing
- Energy Auditing, Green Building and Carbon Footprint
- Industrial Hygiene Surveys (IAQ, Lead and ACMs)
